YOUR RESULTS

What your score means

YOUR TOTAL SCORE

_____ / 20

18 – 20

Trust Ready

Your digital presence matches your in-person reputation. Refine and amplify — the foundation is solid.

14 – 17

Trust Building

Mostly strong with a few visible gaps. Your lowest letter is the fastest lever to pull.

8 – 13

Mixed Signals

Strong in some areas, weak in others. Prospects sense the inconsistency even if they can't name it.

0 – 7

Trust Gap

Significant gaps across multiple areas. The good news: closing one letter has a multiplying effect on the rest.

WHAT'S NEXT
